Product short description:

The Heart Bulb inspires love, understanding, and compassion - all wrapped up in the coolest dimmable LED light bulb you've ever seen. You'll find that this is the perfect bulb to put just about anywhere. (We highly recommend combining it with one of our Fermaluce lights for a great effect.) The flexible filament of the Tube Bulb is wrapped in a transparent protective casing and produces the silhouette of a heart.

There is no exterior glass on this bulb like traditional bulbs have, only the encased flexible filament. To adjust its intensity, simply connect it to a dimmer.

Product description:

Light bulb type: LED
Fitting: E26
Diameter: 4"
Volt: 120
Watt: 8
Color temperature: 2200K
