Product short description:

Portable and multifaceted, with a wooden conical base and rechargeable battery: Cabless01 is a stunning lighting solution which can be used in any corner of your home without the need of a socket nearby. This fully modular product allows you to switch light bulbs based on the mood or occasion. Our personal favourite is the subtle yet charming silver half sphere G125 globe light bulb.

What makes the portable and rechargeable Cabless01 lamp so special?

The portable Cabless01 lamp is powered by a **rechargeable battery (Li-ion 18650 battery)**. Use it to effortlessly light up your desk, nightstand, workspace and so much more... and when it needs recharging just connect it to a wall plug, power bank or laptop with a USB-C cable.

Features of the Cabless01 Lamp with silver half sphere globe light bulb

This table or desk lamp base boasts a subtle and elegant conical shape. Choose from the natural wood base with shades of alder, or opt for a colourful and charming coating. On top of this, with Cabless01 you will be able to choose from a range of [5 volt LED light bulbs](#), and switch them up whenever they reach the end of their life cycle or if you feel like a change of mood.

And last but not least, the brass touch power button, which adds a gorgeous finishing touch to the product.

Is this lamp dimmable?

Yes, the Cabless01 button allows you to choose from three brightness intensity levels. Find the right lighting for every occasion.

Why choose the Cabless01 lamp?

Thanks to the replaceable light bulb and rechargeable battery the Cabless01 lamp is the perfect choice if you're looking for a portable lamp which adapts to any situation.

The Cabless01 lamp **Made in Italy**: a prestigious guarantee, symbol of worldwide excellence.
